### Europa Bell Compact Rotary Deck Ovens.

Europa introduces the new compact rotary rack oven Bell. Bell represents a new concept of oven: the reduced dimensions, the easiness and quickness of the assembly, the rich standard equipment and the wide range of available accessories and options make Bell the perfect product for the bakers who are looking for an oven with great performances at a reasonable price.

### **Installation time: less than 2 hours!**

- Compact rotary rack oven for racks 40x60 and 46 x 76 (18 x 29 inches)
- Fuel or electric version
- Extremely reduced dimensions (width 950 mm only)
- Digital control panel with multifunction-rotary switch for a quick selection of the different controls, LCD screen, 30 storable programs, automatic start
- Steam injector
- Double speed fan
- Hood with exhauster
- Baking chamber, front part and outer panels of the oven made of stainless steel
- Door with 180° opening for an easy handling of the racks in narrow places
- Double glass on the door. Window-opening of the external glass for an easy cleaning
- Thermal insulation with high density pre-compressed rockwool panels
- All maintenance operations can be carried out from the top, from front part or inside the oven
- Stainless steel steam exhausting valve
- 2 units of halogen lamps inside the baking chamber
- Upon request: powered steam generator, steam condenser, time/temperature display on the hood, gas or gasoil burner.
